# IMPACT AFRICA, YOUR GRI CERTIFICATION ACCREDITED TRAINER

Impact Africa Consulting Limited (IACL) is a development consulting firm working with institutions, enterprises, and development actors to translate ideas into measurable development outcomes across Africa.

Our work sits at the intersection of policy, finance, markets, and sustainability, where public institu tions, private enterprises, financial institutions, investors, and development partners converge to shape economic and social transformation

## OUR GOALS & OUTCOMES

TRANSALTE PRIORITIES INTO MEASURABLE RESULTS

DESIGN SOUND STRATEGIES

STRENGTHEN SYSTEMS

Our work spans Climate and Sustainability Advisory, Private Sector Development, Organizational Capacity Strengthening, Impact Assessment and Monitoring and Evaluation, and Social Sectors Advisory.

Across these practice areas, we support organizations to design strategies, strengthen institutional sys-tems, unlock investment opportunities, and build programmes that generate long term economic, envi-ronmental, and social outcomes

# INTRODUCTION

*Lead the transition toward responsible finance by building the capacity to report, disclose, and communicate sustainability and ESG performance using GRI, the most widely used sustainability reporting framework globally.*

**A strategic capability for the future of finance**

Sustainability is increasingly becoming part of how institutions:

- Attract capital,
- Manage risk,
- Build trust,
- Demonstrate accountability, and
- Position themselves within the future of global finance.

This GRI Certification Program helps finance professionals build the reporting and disclosure capabilities required for this transition.

# APPLYING GRI ACROSS THE FINANCIAL VALUE CHAIN

From banks and investment firms to insurers, pension funds, DFIs, and advisory teams, sustainability reporting is increasingly becoming part of institutional governance, risk management, investment positioning, and stakeholder communication.

This training is especially valuable for financial professionals interested in:

- Integrating non-financial disclosures into annual reports, integrated reports, and financial reporting systems
- Strengthening ESG and climate-related disclosures for investors, regulators, shareholders, and development partners
- Structuring or reporting on sustainable finance, green finance, climate finance, and impact investment initiatives
- Managing ESG, governance, compliance, and sustainability-related risk reporting processes
- Developing responsible finance products and sustainability-linked financing initiatives

# PRACTICAL FINANCIAL SECTOR PERSPECTIVE

This training is designed specifically for financial professionals and institutions navigating the growing importance of ESG disclosure, sustainability reporting, climate accountability, and responsible finance.

The program connects sustainability reporting directly to real financial sector priorities including:

- ESG risk management
- Sustainable finance
- Impact communication
- Investor and regulator expectations
- Governance and accountability
- Institutional transparency

**Industry-relevant learning experience**

Participants engage with:

- Financial sector case studies
- ESG reporting exercises
- Interactive peer discussions
- Practical disclosure applications

Mock assessments and exam preparation
